Elements Of Ecology

Synopsis

>Elements of Ecology, Ninth Edition continues to explain ecological processes clearly and concisely, with a greater emphasis on the relevance of ecology to everyday life and the human impact on ecosystems. This dramatically revised edition discusses issues of human ecology throughout the text and provides a greater variety of opportunities for students to learn, practice, and develop quantitative and analytical skills. Current research examples and other content updates are supported by more than 200 redesigned, full-color illustrations, graphs, and tables. Also available with MasteringBiology® This title is also available with MasteringBiology, an online homework, tutorial, and assessment program that improves results by helping students quickly master concepts both in and outside the classroom. The book and MasteringBiology work together to create a classroom experience that enables students to succeed in biology and ecology courses.

Note: You are purchasing a standalone product; MasteringBiology does not come packaged with this content. If you would like to purchase both the physical text and MasteringBiology search for ISBN-10: 0321934172/ISBN-13: 9780321934178. That package includes ISBN-10: 0321934180/ISBN-13: 9780321934185 and ISBN-10: 0321976010/ISBN-13: 9780321976017. MasteringBiology should only be purchased when required by an instructor.

Customer Reviews

This book worked great with my class. Very similar to the previous edition so if you need to save money, you could get the older one. It's always recommended that if you've been assigned problems to check out the edition on reserve in your college library just to make sure the numbering hasn't changed. This does tend to happen but very easy to fix if you plan ahead.

AWESOME in every way would recommend to everyone that is looking to purchase this type of item received it quickly

For my class this helped write a paper, my teacher had more than enough knowledge to trump this book. From the chapters I did read it was current and and easy read

Keep updating!

clean book

Excellent product. Thanks!

Easy to keep in a binder. Makes carrying a lot of books easier and lighter. The book itself is easy to read and understand.

Item shipped ahead of schedule and was exactly as described.
