Hard Wired (Jon Reznick Thriller Series Book 3)

Synopsis

When an ex-Delta Forces operative dies in a car wreck in Miami, the FBI dismiss it as a tragic accident. But Jon Reznick isn't so sure—especially when he learns that his teetotal former colleague was apparently drunk at the wheel. Reznick's one-man investigation quickly enters dangerous territory when it becomes clear that this was merely the first in a series of mysterious deaths. All of the victims are ex-Delta Forces, and all were involved in a top-secret Iranian hit under Reznick's command. Retribution will not be complete until Reznick is wiped out too. With Iran's ruthless Quds Force hunting him down on US soil, assisted by a powerful Mexican drug cartel determined to increase its own foothold in the country, Reznick's survival is a threat to national security. FBI Assistant Director Martha Meyerstein is not as keen as some government officials to sacrifice him as collateral damage, but the longer Reznick runs, the more audacious his enemies become. Innocent American lives are at risk, and only Reznick's victory—or surrender—can save them. Revised edition: This edition of Hard Wired includes editorial revisions.

Customer Reviews

So far the most nail biting book of the series. It starts fast and just keeps getting better and better. You will not want to stop reading till you run out of book. I can't wait till the next installment. The author has been building the people involved in the stories in ways that are fantastic and at the same time not super hero types. In fact one of the main characters is not your typical hero which makes this and the previous books all the better. In my humble opinion J.B. Turner is a excellent story teller as you can see the characters as normal people doing a great job and that makes for very enjoyable reading.

This is a fast acting third story. Reznick realizes that his brothers he fought with within a special service were being killed one by one and he was going after who ever it was. As usual it involves bad government decisions that almost got Reznick killed. Highly recommended, but read books 1 and 2 first.

Not a lot of unbelievable stunts. Not another superhero who can waste bad people at a rate of 25 a page. There is a developing story and sometimes the good guys get hurt. Seems a far more realistic novel and yes the good guy wins even if he has to argue or fight with his own stupid government employers. For those who like realism, don't need the f word on every page and prefer your violence non graphic. This is a book for you.

This three book series is a fun and exciting read. If you like action adventure books you will not be disappointed by this trilogy. That said there is way too much profanity which really degrades the quality of the books.

Stories do not resolve. Book one left situation unresolved. My assumption was that it would pick up in book two or three. It didn't. Bad guys are still in government and no more books in series. Bad officials in Pentagon are still there. Corruption needs to be revealed not just in middle guys.

Great read. Alert: lots of foul language. Other than that, excellent writing & story. Makes you want to read the next book.

This is the first one of this series I've read. Enjoyable. Those of us who read frequently know it's tough to make the cliched, guy who breaks the rules, character interesting. This works. Enjoy.

Enjoyed the 3rd in this series. Read the 1st and 2nd in the series, finished the 3rd and about to start the 4th. I think this the first time I read this author and am enjoying his books!
