Animals Are Soul Too!

Synopsis

Can animals experience divine love? Do animals go to heaven when they die?People who love their pets may know the answers to these questions. They've felt the amazing love of animal companions and know that we don't have a corner on God's love. As author Harold Klemp tells us in this inspiring book, "Animals generally find it easy to see humans for what they are--Soul in another bodily form. We have a harder time with this. We want to be God's special creation, forgetting that, as Soul, we already are. And so also are animals."Animals are Soul too! We' re all woven of the same fine cloth by the Creator, says Harold Klemp, here to learn from each other, to help each other, to love and respect each other. In this book you' Il find incredible stories about the spiritual awareness of animals, what they have to teach us, and how they are carriers of divine love."Until we see animals as Soul," writes Harold Klemp, "we will miss much of what they have to teach us. Most of all, we' Il miss the love. So many people today are seeking love, but they are looking for it mainly in human love. That is fine, so far as it goes. But there is more, much more to it."Every chapter features an easy spiritual exercise to help you enlarge your awareness of our divine kinship with animals as Soul--and with all living things. Animals are Soul too! If you' ve ever had any doubt about it, take a long look inside this book and you' Il discover it' s true!

Harold Klemp is one of my favorite authors. I enjoy his books. Through this book, I believe I have gained a sense of the spiritual significance of animals as souls; just as we humans are souls as well. It is a fun an gentle read.

I love true stories, especially animal ones that demonstrate their ability to love and nurture us. Animals have this thing called unconditional love down in spades, something we humans can learn better.

DEfinitely recommend this book, animal lover or not. You never know when someone is ready to be open to new awareness-es.Easy uplifting and thought provoking stories in chapters so one doesn't have to read the entire book in one sitting, just one chapter at a time,

Some sweet stories - too much Eckankar teaching.
