Pretrial, Eighth Edition (Aspen Coursebooks)

Synopsis

Pretrial achieved leading stature through its clear, concise, well-organized presentation of pretrial preparation by one of the country's leading experts on trial techniques. An effective systematic approach organizes pretrial planning and preparation into a series of distinct steps students can readily master. Litigation files from a hypothetical case, complete with sample documentation and paperwork, take students through each stage of a civil case. Additional litigation files, six in all, appear on an accompanying CD-ROM and include both plaintiffs' and defendants' files. The Eighth Edition expands the discussion of using the Internet to conduct informal fact investigations. The text examines *Ashcroft v. Iqbal* and *Bell Atlantic Corp. v. Twombly* and their influence on general notice requirements for claims. New material explores liens on settlements, and the Eighth Edition includes a full discussion of Supreme Court decisions in *Wal-Mart Stores v. Dukes* and *Erica P. John Fund v. Halliburton*. Hallmark features: Clear, concise, well-organized presentation Pretrial preparation by leading expert on trial techniques A systematic approach pretrial planning and preparation through distinct steps students can master Litigation files from a hypothetical case sample documentation and paperwork for every stage of the civil case Additional litigation files accompanies on CD-ROM includes both plaintiffs' and defendants' files six different, complete cases Thoroughly updated, the revised Eighth Edition presents: Expanded discussion of Internet use in informal fact investigations Discussion *Ashcroft v. Iqbal* and *Bell Atlantic Corp. v. Twombly* and their influence on general notice requirements for claims New material on liens on settlements Explores Supreme Court decisions *Wal-Mart Stores v. Dukes* and *Erica P. John Fund v. Halliburton*

Customer Reviews

Initially bought this book because it was required for a course on pre-trial skills. However, the model templates are worthless and I quickly found that Google searches will yield better (and free) templates. Ended up reading 12 pgs. out of 739 pgs. when I decided that my professor's lectures and searching for best practice templates would serve my education better.

This book provides a step by step guide to the pre-trial process and helps students understand how to settle cases before they reach the court room.

The only law book I would actually recommend even if not assigned or required. Tons of useful tips that aren't taught in law school and wouldn't have naturally occurred to me. PRACTICAL tips and help.

Book in great shape.

This is one book that I will keep for the future, it has lots of practical information that will continue to be helpful.

This is a good textbook for beginner lawyers. There are some good points but there is also a lot of repetition.

thanks

Excellent book at a reasonable price!
