Teaches you the many ways to really get the most out of using cast iron cookware. I really liked the way Cooks Country detailed how to care for the cast iron aspects I had always been uncertain about. It illustrates many meal ideas that I am planning to try out. I plan on using cast iron with my outdoor grill. This is a well done publication and I recommend it.

Cast Iron cookware derives its value from its property of heat retention. This book is not just about the recipes that we could make with cast iron but explaining to us why we should buy cast iron and its benefits. The tips are also discussed in this book on how to take good care of this device.

Awesome book. This book very well writing. I like the recipes and each one has a great picture that shows you what the dish looks like. With a few exceptions there aren't any very special, high priced ingredients that make preparing a recipe a chore. I highly recommend this book.

This is a very amazing cookbook and its very detailed that anyone can easily follow. It also provide step by step instruction and very well illustrated about Cast Iron Cookbook. You will definitely learn everything you need to know about Cast Iron Cookbook and Its highly recommended!

I thought the recipes were just as it says simple and easy. What I liked was it explained the way to season the pan and proper way to clean it. I have very old cast iron & it takes a little work to properly care for it. I would recommend this book.

The book is good. It is written simply and clearly. The recipes are very tasty. Enjoyed the book.

This is a very nice cookbook for cooking in cast iron. Cast iron seems to make everything taste better. I have several pieces of cast iron cookware and wanted more ideas for using them. This book does just that. Satisfied with my purchase.

Great info on cleaning and maintain cast iron at the beginning. Lots of good breakfast recipes. Good info on what temps to cook with including some camping recipes with cost discussions. Enjoyed the book.
