Customer Reviews

I just got a cast iron skillet and I am so happy I got this book. This book is full of great recipes and everything I have made so far has been delicious! The recipes listed inside are very easy to follow and well organized. I can't wait to make more recipes from this book. This is a great cookbook and I

highly recommend it!

I love my cast iron cookware and all the great things you can fix in then. These recipes are really a step up in cooking with flavor and for good health. Thank you and enjoy your meal and your day.

Some REALLY good looking recipes in here. Surprisingly there are more than a handful for pizza! Since my family loves pizza, I'll definitely be trying those first. I have my grandma's old cast iron skillet and it's great to cook with. Can't wait to cook!

A great book! I'm really engrossed in the recipes. The Skillet Lasagne is amazing and easy to do, and it allows people to cook such food types without an oven. Overall, I enjoyed reading and learning from this book.

At first I thought maybe only one or two recipes would sound good and all the rest would be strange things I'd never make but I was mistaken. Every recipe sounded good and they were easy to understand and follow.

I had never thought about the health benefits of cast iron cooking until I started reading this book. On top of this I found some top notch recipes. I specifically enjoyed the chicken and couscous skillet dinner. I intend to try the boiled shrimp with tomatoes and white beans next. A fun cookbook!

We have a cast iron skillet and really have not used it for anything special. I was really excited to get this book and the recipes are amazing. I love Kale and was very excited to see recipes with Kale. I also love the pizza recipe!

This book really is full of dishes that are not only easy to prepare, but are also delicious. The Chicken Pad Thai is worth the price of the book, and that is just one of the amazing recipes. This is a helpful book. Try it yourself!
