## Synopsis

McClanahan's prose is miasmic, dizzying, repetitive. A rushing river of words that reflects the chaos and humanity of the place from which he hails. He writes in an elliptical fever dream so contagious that slowing down is not an option. It would be like putting a doorstop in front of a speeding train. This is not a book you savor. It is one you inhale. • The New York Times Part memoir, part hillbilly history, part dream, McClanahan embraces humanity with all its grit, writing tenderly of criminals and outcasts, family and the blood ties that bind us. • Interview Magazine McClanahan's prose is miasmic, dizzying, repetitive. A rushing river of words that reflects the chaos and humanity of the place from which he hails. [McClanahan] aims to lasso the moon... He is not a writer of halfmeasures. The man has purpose. This is his symphony, every note designed to resonate, to linger. • New York Times Book Review The Sarah Book is Scott McClanahan's continuation of the semi-autobiographical portrait he's been writing over the years about his life in West Virginia. This one is his portrait of love. Scott McClanahan is the author of Hill William, Crapalachia, The Incantations of Daniel Johnson and many more.

## Customer Reviews

"Scott McClanahan's The Sarah Book is a furious exhalation of love and hurt and hate and tenderness and anger. This is a chronicle of a couple coming together and breaking apart. There is courage in these pages because so much of what McClanahan details is ugly and desperate and raw everything, food, drink, love, heartbreak, to excess. The writing is so intimate you want to

reach into the book to save this man from himself but you can't. That impossibility is what makes this book so memorable, so powerful." — Roxane Gay "Scott McClanahan's writing is so pure, honest and immediately engaging, it felt like I wasn't just reading prose: it felt like I was reading the prose. THE SARAH BOOK is hilarious, unflinching and deeply sad. Its every chapter, every page, every observation an addictive delight. I read it in one sitting and days later am still stumbling around from its unexpected wallop." — Maria Semple The Sarah Book (Tyrant Books, June '17) is indie lit icon Scott McClanahan's semi-autobiographical novel about love and loss in contemporary West Virginia. The Sarah Book is as humorous as it is sad, as tragic as it is hopeful, and as redeeming as it is damned. Through McClanahan's unique Appalachian vision, we watch a young couple fall in love, begin their life together and then fall apart as the marriage breaks down. The story is told all with the purple mountains and Wal-Marts of modern life in Appalachia as the backdrop. McClanahan weaves the telling of his life through a mix of language akin to the Romantic poets and hick twang that is unforgettable. "The romance and destruction of a marriage. I couldn't put it down. Written with all the punches left in. McClanahan shows us the dents and scrapes and breakdowns of a man trying to be to a husband and father while at the same time sabotaging the very things he loves. Unnerving but remarkable." — Willy Vlautin "Remarkably painful, funny, and grotesque, The Sarah Book offers a particularly American form of abjection. But what's remarkable is less the way McClanahan makes us gawk at this sodden car wreck of a life, but the way in which, despite all the messing up, he manages to touch on something tender and altogether human." — Brian Evenson "Welcomely (and sometimes uncomfortably) honest, incredibly funny, and strangely beautiful." — Vox "McClanahan writes as if he might be the illegitimate literary offspring produced from an accidental coupling of Flannery O'Connor and Harry Crews after a long night of bourbon drinking and something going awry during the birth." — 3:AM Scott McClanahan writes like Walt Whitman and Barry Hannah had a love child who grew up addicted to speed and porn and The History Channel. I've never read anything with so much wide-armed, grief-stricken love inside descriptions of strip clubs and drug deals and excrement and road kill and drunkenness and child neglect. I feel like there's almost no way to describe the book, it's so packed — like McClanahan flung his arms open and gathered all the objects and people and emotions in his world, then compressed them into three-hundred thousand tiny quivering black marks, each one ready to explode with the slightest touch. I can't come up with a single adjective to capture the multiplicity of emotions I experienced as a reader, so I'll just say that The Sarah Book is a crazy heartbreaking surprising sad delicious desperate horrifying hilarious ride." — Jamie Quatro The Sarah Book is the saddest song you've ever heard. It's the last sip of whiskey from a bottle that's been kicking around

for too long. It's a mixed-up story of a great romance gone awry, told in Scott McClanahan's distinctive voice. The main characters are true love, paranoia, the devil, and God. It's set in parking lots and strip clubs and in shopping malls. It's fiction and it's memoir and it's also neither of those things. It's a hell of a read. â •The Fader (Maria Semple)

Scott McClanahan is a writer from West Virginia. His work has appeared or has been featured in New York Tyrant, Bomb, Vice, and Harper Perennial's 52 Stories. His books include "Hill William," "Crapalachia," and "Stories." He helps run the video-terrorist group Holler Presents with C.J. Oxley. His children are Iris Grace and Samuel Ray. Scott likes chicken wings and beer and cheese. He is happy you bought this book from New York Tyrant Books. --This text refers to an out of print or unavailable edition of this title.

Loved this book. I really enjoy Scott's down to earth writing. I feel his pain and joy.

Bottom line, Scott McClanahan is the man. The Sarah Book is the lastest of his books to hammer home the fact that this guy could be the best young writer I've come across in recent years. Believe the hype on Mr. McClanahan.

This book pulls at your heart heavily, makes you laugh, makes you reflect on your own relationship with your wife, and your children. Highly recommend. I really enjoyed reading it. Aaron

Poignant, raw and utterly relatable. Far and away the best thing I've read this year. You will laugh and cry in the space of a single paragraph.

Has done the most difficult thing for a writer to do: find their own voice out of the thousands of voices they've heard...and are still inside their heads.

a trainwreck

Amazing! Amazing! This is the best book of the year.

This was my introduction to Scott McClanahan, other than watching some of his readings he's given over the years. His writing style is very much like a Appalachian oral tale, which is the tradition he comes out of. He uses this great effect describing the downward spiral of his marriage. Rather than writing a melodramatic story of alcoholism and divorce, Scott (the character) is able to laugh at himself and the situation. Sarah isn't portrayed as a villain, but mostly a victim of Scott's antics, which are often very funny. The non-linear style might turn off some readers, but I found it worked well with the narration style. The book does drag in parts, but overall is a humor filled rendition of a disintegrating marriage.
