Cengage Advantage Books: Fundamentals Of Business Law: Summarized Cases

Synopsis

Brief and affordable, *FUNDAMENTALS OF BUSINESS LAW: SUMMARIZED CASES*, 9th Edition zeroes in on the core business law topics you need to know, including contracts and sales, in an abbreviated, paperback book. The summarized cases integrated throughout illustrate key points of law without overwhelming you with unnecessary detail. Ideal for wanting needing guidance with contracts and sales, *FUNDAMENTALS OF BUSINESS LAW: SUMMARIZED CASES*, 9th Edition condenses the latest legal topics--the Sarbanes-Oxley Act, cyberlaw, health-care and financial reform, the housing crisis, and more--for quick comprehension. Helpful learning tools like boxed features, highlighted terms, learning objectives and summaries, self-testing, and review questions make *FUNDAMENTALS OF BUSINESS LAW: SUMMARIZED CASES*, 9th Edition the easy-to-understand alternative to traditional Business Law books!

Sample Answers for Case Problems with Sample Answer. G. Answers to Issue Spotters.

Roger LeRoy Miller, Ph.D. has served on the faculty of several universities, including the University of Washington, Clemson University, and the University of Miami School of Law. As a professor, he has taught intellectual property law and entertainment law, among other subjects. A widely published and respected author, his work has appeared in the Insurance Counsel Journal, Defense Research, California Trial Lawyers Journal, Antitrust Bulletin, Wisconsin Law Review, and Connecticut Law Review. He has authored or co-authored numerous authoritative textbooks on law, including BUSINESS LAW: TEXT & CASES; BUSINESS LAW TODAY: TEXT & SUMMARIZED CASES; and THE LEGAL ENVIRONMENT TODAY. Professor Miller completed his studies at the University of California at Berkeley and University of Chicago.

This book was used for my college course this summer. It was my first law class, and I had a lot to learn. I believe this book provides a good basic introduction to the basics of law. Although I am not planning to be a lawyer, I definitely learned a lot and have found that I am already utilizing some of the information I retained throughout the course. The book is straightforward and an easy read. It's not the most exciting book, but then again, I don't think many law books are. I took a look at one of the earlier editions, and this book is definitely more concise so for that I'm glad. I received this book in basically "Very Good Condition". The front cover was once lightly bent in half so the crease could still be seen. However, the pages were all very clean, neat, and intact as well as the binding. Overall, I am satisfied with my purchase. If your professor assigns this book for your course, don't hesitate. The book isn't too bad. I've definitely read more boring (history) books.

Business Law is absolutely interesting. Loved learning about certain laws and quirks. It's very dull to

look at though. I wish the writing was more eye-catching.

I rented this book, it served its purpose. I'm grateful. It helped me to master the class, because the teacher wasn't the best suited for teaching the class although his experience in the field suggested otherwise. What I'm not happy about is the fact that I received the book in a shabby condition. I found out in class that the spine of the book had been glued together before it had been sent to me. In short, I paid for the rental, and then had to BUY this book because of someones' shady practices. Outside of that? This is a great book to use for Business Law.

Good condition

This is one of the best textbooks I've ever studied from. I don't think there's a single wasted word or sentence. Each concept is well laid out without unnecessary repetition usually found in textbooks. The chapters are short but packed full of information; I learn more from one 16-page chapter in this than the 60-page chapters in any of my other textbooks. Nearly every concept is clearly illustrated with brief but poignant case examples. The chapter summaries and exercises are exactly on point as well. I really can't say enough about this book. For a textbook, it's amazing. I wish all textbooks were written so well!

Good book!

The book is a bit beat up but is still useful.

This book was rebounded, and fell apart after only 2 weeks. It was beyond used...it was very damaged!
