# Williams-Sonoma Collection: Potato

## Synopsis

Layered in a creamy gratin, shaped into rustic gnocchi with pesto, or puréed into a comforting soup, potatoes are a versatile ingredient in any cook's kitchen. As a light summer dish or a hearty winter supper, potatoes lend themselves to nearly any means of preparation and can be served at any time of year. Williams-Sonoma Collection Potato offers an array of more than 40 recipes for time-honored favorites as well as delicious new ideas. Whether you want to make perfectly crisp, golden French fries or try spicy roasted fingerling potatoes dipped in a tangy sauce, there are dishes in these pages to please everyone. A chapter of potato salads will help you find an innovative version of this classic using artichokes, feta cheese, or red bell pepper to take along on your next picnic. And, a chapter devoted entirely to breakfast will make your mornings brighter with offerings such as hash browns and sweet potato pancakes with orange-honey butter. Enticing photographs help you decide which dish to prepare, and photographic side notes highlight key ingredients and techniques, making Potato much more than a fine collection of recipes. An informative basics section and extensive glossary round out all you need to know to make the versatile potato a delicious part of any meal.

## Book Information

Series: Williams Sonoma Collection

Hardcover: 120 pages

## Customer Reviews

Selma Brown Morrow is an associate food editor at Bon Appétit magazine, where she creates original recipes, tests recipes, and has editorial responsibilities for several columns. Based in southern California, she also teaches cooking classes and has worked as a caterer and party

planner.

Wow, I own quite a few of the Williams Sonoma cookbooks, but this one is the best I've purchased. I read one of the non-glowing reviews about this book and am really perplexed that the person stated there was not a good selection of recipes. I'm shocked because I just received the book a few days ago, and sticky-tagged all the recipes I'll be making for my family in the next month or so. There are side-dish recipes, potatoes for breakfast recipes (delicious looking oven roasted hash browns that look yummy...), potato pancakes, Thanksgiving accompaniments, and all sorts of beautiful recipes, yet they seem easy to prepare. Photos are gorgeous too. Potatoes are a staple at my home and we don't eat a huge portion of them at dinner, but do like a little potato side dish at our meals. I usually cook them at least 3-4 times a week, so this book is really going to come in handy for my family. This book is great and since it's been out a while, you should be able to pick it up for the phenomenal price of 1 cent (which is what I paid), plus \$3.99 for shipping. Book was in great condition (actually better than advertised condition). I don't hesitate to purchase books for a penny anymore because they're in good to great shape. Why pay more?

Loved this book. Great pictures. Love the side captions. William Sonoma does it right with these books. I own the entire collection and plan on having them for a very long time. Hopefully one day will be able to say I made every recipe in the book which seems possible. Some people may not like the limited number of recipes but I feel this is a great example of quality over quantity. Somebody really put some love in this book and it shows. Everything I have made so far has been great. Once you buy one you will want them all. Great way to explore one of my favorite vegetables.

Recipes begin on page 10 and end on page 103. Each recipe takes up 2 pages (the written recipe and a full-page color photo). The recipes are easy to create, but elegant enough to serve to guest.

Potatoes for the win.

Have a friend who is unnaturally obsessed with a vegetable? I do, he LOVED this book beyond all natural reason. Williams-Sonoma has a whole collecting of everything you ever wanted to know about a vegetable and recipes to cook it.

thank you

If you love potatoes like we do you will love this book. It is full of great recipes that include the "classics" as well as some we've never seen before. While the recipes are wonderful and fairly simple the illustrations are fabulous! Just browsing through the book and looking at the pictures makes your mouth water!

Bought this potato recipe book for a young man! College Student. He loves potatoes. Needed a gift for him. He uses it as a coffee table book to stimulate conversation as well as a recipe book.
