Customer Reviews

I bought this for my mother-in-law as gag gift. We settled on this one because she genuinely likes to color and this offered more fine details than some of the others, which makes it more fun to color in. Mostly though, its hysterical. I do wish it had more pages, but I think the amount it came with fits the price I paid for it. Oh, and she loved this gift more than I had expected her to.

This coloring book is the perfect cure for "one of those days."

The coloring book is cute, but the paper is very thin. I wouldn't recommend using markers with this book, but it is fine with colored pencils.

Absolutely LOVE this book!!!! Hilarious!!!!

There are a lot of curse word coloring books out there. Yeah the sayings are funny but the art isn't that great. This one however has beautiful pictures. The pictures are blank on the back so if you use

pens and they bleed through it won't ruin the picture on the other side. The price is also nice. I am cheap and have been coloring as an "adult" way before it was cool. So I won't pay a high price because it says "Stress relief" on the cover. Coloring is not a new thing, even for adults, so why be stressed about buying something that relieves stress? :)

Just got done coloring in this book, wish the paper was thicker, and the pages were perforated, but a good coloring book all in all.

Love it!! I can't post my full review here, due to language, but my full review can be found on my blog. [...]
