Gender: Ideas, Interactions, Institutions

Synopsis

A lively exploration of current questions of gender and their application to students today. Wade and Ferree's first edition textbook is a lively introduction to the sociology of gender. Probing questions, the same ones that students often bring to the course, frame readable chapters that are packed with the most up-to-date scholarship available in language students will understand. The authors use memorable examples mined from pop culture, history, psychology, biology, and everyday life to truly engage students in the study of gender and spark interest in sociological perspectives.

Customer Reviews

Lisa Wade, PhD, is a professor at Occidental College. She is an accomplished scholar and award-winning teacher with degrees in philosophy, human sexuality, and sociology. She lives in Los Angeles but calls New Orleans her home. Myra Marx Ferree is the Alice H. Cook Professor of Sociology at the University of Wisconsin-Madison. She is the author of *Varieties of Feminism: German Gender Politics in Global Perspective* (2012), co-author of *Shaping Abortion Discourse* (2002) and *Controversy and Coalition* (2000), and co-editor of *Gender, Violence, and Human Security* (2013), *Global Feminism* (2006), and *Revisioning Gender* (1998) as well as numerous articles and book chapters. She is the recipient of various prizes for contributions to gender studies, including the Jessie Bernard Award and Victoria Schuck Award. She continues to perform research on global gender politics. You can learn more on her website at ssc.wisc.edu/~mferree.

Very easy to read. Book has a glossary for easy lookup. Chapters are separated and organized in such an easy way that the reader can easily understand. Talks about current social gender issues and gives science/ social reasons for the way people interpret gender.

Good informative book. However I noticed some of the time she'd be writing in her opinion which I think she should have left out. Although I agree with most of what she says, I think some of what she talk about should've been fact based rather than opinion.

Was able to meet Lisa Wade during my read through of this book. It was an assigned reading for a graduate Gender Studies course. Seriously well written, easy but thought-provoking read. Never a slow moment. Everyone needs to read this.

Really easy to read. If you purchase the Kindle version, all of the bold terms can be condensed into flashcards with the "x-ray feature."

Normally school textbooks are boring!!! However this one is awesome!!!! Am on chapter 5 and loving it makes reading engaging and I actually look forward to reading it!

Rented this textbook for a class I'm taking and I've enjoyed the reading. Very relevant to 2016

Very informative

Love it
