Customer Reviews

Wow! This book gives us the insight on how Tanner to be. This is truly intriguing to learn the history of Tanner. We got to learn about the very first Tanner & a little bit about the second Tanner. Would love to learn more about Tanner #3, #4 & #5. I know Spenser is Tanner #6 & Cody is Tanner #7. You did it again Remington - great job! I would recommend this book.

The first Tanner gave that answer, and so have all the Tanners following him. Remington Kane's Tanner stories are fun quick reads. They're stand alones; but if I were you, I'd start at the beginning and read my way through all of Tanner's adventures. (This was an ARC.)

I would like to recommend this book to anyone who wants to read a very interesting and exciting book where the action never stops. I am finding these books to be very difficult to put down. I will be looking forward to reading the next book from this author.

Thank you, Remington Kane, for another fabulous read! I love the way you wrote both past and present stories, - a fantastic correlation. Personally, I will never tire of reading Tanner (and, the Whites, as well)!

Just absolutely enjoy this series and the characters. This story gave the history that had been missing and the flashbacks helped the story without disturbing the main story. Thanks Remington, keep it going.

Fantastic pre-quill type story. Fills in some blanks, and tells about the origin of The Book of Tanner. This has become one of my favorite series. Always filled with non-stop action, but still having a touch of humility and humor

Reading Tanner books is like coming home ... the dysfunctional yet honorable protagonist keeps your attention focused and Remington Kane is constantly developing interesting story lines. Already waiting for Tanner 20.

This is another really fun read in the Tanner series. I have to admit though, even though I have a great fondness for pulp, this book is way too short. It can be read easily in one sitting.
