Customer Reviews

I absolutely love the personal touch and humor throughout! I love dutch oven cooking but have always eaten someone else's. With all these amazing recipes, and thorough instructions I am going to get my cook on! We camp at least twice a month so this book was a must buy!! share similar feelings with the author about "homemade" recipes that include packages of this or boxes of that. So I really appreciate all the ingredients listed out. I hate to say it, but it does absolutely taste much better from "scratch"!! really enjoyed all the "Did you know" sections throughout the book! Great job! Love it!

This is a great cookbook that's also fun to read. Thank you and enjoy your meal and enjoy your day.

When I buy a cookbook, I feel it is a worthwhile investment if I only get one recipe that I like. Well, this book didn't do anything for me. I'm a Spud man from Idaho and his French fry and hashbrown recipes weren't up to par, and made me wonder about his other recipes. When he bragged of making everything from scratch, I had high hopes.

I've used the roast recipe numerous times and it turns out great. I'm not going to be using my dutch oven while camping, only in the oven, and the directions are wonderful at converting number of charcoal bricks to temperature.

The beef stew was to die for. I can hardly wait to try something else. I am going to start living in a tent just so i can cook this way all the time.

Have to wait for better weather! I'm not that gung-ho to stand out in the snow, although I have camped all year long. I'll try adapting for inside cooking until spring.

Tips are good and easy to understand some ve passed on to my friends My wife told me to write them down so I don't forget

I have tried only 1 recipe so far, and I LOVED it! I look forward to giving the rest a try. Well written, and easy to follow. Excellent job!
