Customer Reviews

Love it!! Jenn truly knows how to be a realist. The world is full of people that are always trying to be something they are not. Jenn keeps it real. I would recommend this book to everyone who needs a reality check. I always laugh out loud when reading any of her books. I've read almost all of them. Happy reading

She never disappoints! I'm laughing out loud in the doctors office waiting room! She may be reading my mind, scary thought...for her!

Jen hits it out of the park. As a big fan of her blog, then her books, this collection of stories didn't fall short on the wit, humor, and realness that Jen is known for. I'm glad I downloaded the entire series to my kindle, because I can read these all day. These stories keep you turning the pages.

LOVED IT!!! So funny my husband wanted to take it away from me because I was reading it in bed and keeping him up as I was laughing so hard the entire time. Quick read, finished it in like 20 mins and will absolutely be buying the longer, book version. Jen, you are a hysterical genius! Keep 'em coming!

Can't wait to read the other volumes. A great in-between read. I can definitely relate to wanting to punch some people in the throat for just being themselves.

This book, while hilariously, fast-paced funny, left me feeling purged of certain resentments and truly validated. I definitely recommend this book to people who can handle swearing and a sassy mouth. Not for the faint at heart, but then maybe even more prudent people deserve a good laugh.

I really will. Jen's observations are spot-on. And hilarious. Jen, if you're reading this, please know that I would have used appropriately-spiced language if I hadn't feared that would throw me and my review right the falk out. Gentle Reader, consider yourself warned that Jen does not fear . Her word choice is perfectly curried.

This is the first in Mann's series "People I Want To Punch In The Throat." It's ridiculous but deadly serious, farcical yet factual and completely hysterical. Whether you can relate or not (in which case I would want to punch YOU in the throat) this is a absolute MUST read.
