Amazing Doll House! Little girl I bought it for loved it so much, she drew a picture of it in the thank you card she gave me.

My kids played with this for years--I would say hundreds of hours. Now my younger wants a new one for her birthday. (We lost the paper doll people, and some of the pieces ripped out. It is a very sturdy popup book, maybe the best I've ever seen for sturdiness, and this book lasted through 4 little girls before I needed another one for my 5th daughter.

The used copy I bought was in really good condition, if slightly worn. The detailing on the model is marvellous. It is similar to the three dimensional Victorian Dollhouse in concept, but clearly shows the lighter-handed approach, with touches of art nouveau of the Edwardian Era. Very pleased with the purchase
