Customer Reviews

Now in its second edition, this book is a plain-language discussion of the reasons to construct a premarital agreement and the issues to consider when doing so. Attorney Haman reviews the kinds of agreements that can be made, summarizes the current laws of all the states and the District of Columbia, and provides numerous forms to use as guides when crafting the agreement. There is good discussion of the types of property at issue in a marriage and the problems that can occur owing to death or divorce. The statutory section provides actual citations to laws and outlines the alimony and property distribution rules in each state. This book can be used either to help draft an agreement or as a preliminary to an appointment with an attorney. Couples contemplating marriage and those already married will find it useful as a springboard to discussing marital goals and what might happen if they don't live happily ever after. Recommended for most public libraries. Joan Pedzich, Harris, Beach & Wilcox, Rochester, NY Copyright 1998 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

A good book with a sample pre-marital agreement. my advice is to draw up such and agreement and then take it to a lawyer that specializes in this and finalize it. 5 stars because it is important information. Covers the following What is a premarital agreement why you need a premarital

agreement
Inheritance and divorce laws
Post-marital agreements
When you need a lawyer.
Working with a lawyer.
Preparing a premarital agreement without a lawyer
Second marriages
Children from previous marriages
Modifying a premarital agreement
Canceling a premarital agreement
Community property
Talking to your partner.

I used this book to write my Premarital agreement. After I was married, I had a attorney review what I had done. He was impressed with what I had done (not being in the law system at all). I would recommend this book. But it will take much longer than you think to write your agreement, so start early.

Edward A. Haman
How to Write Your Own Premarital Agreement (Naperville, IL: Sphinx Publishing, 2002---3rd edition) (ISBN: 1-57248-156-0; paperback) (Library of Congress call number: KF529.Z9H35 2001) 170 pages
This is a basic self-help book for creating a prenuptial agreement. After explaining the concept with cases and pitfalls, the basic law of each state is presented on one page for each state. This book is revised about every 5 years. In order to keep up with the changing laws, read the most recent edition. Some different sample forms of a premarital agreement are provided. Appendices include such things as a check-list of property, which must be disclosed to make your agreement valid. How to Write Your Own Premarital Agreement contains all the essential words needed to create a valid prenuptial agreement. You can write it all without any attorney. But to make it valid, you must each have an attorney review your agreement before signing.
