Customer Reviews

A good source of for recipes. Not the only source, but good ideas. Seems to be specifically Charcoal smoker. I think it should consider mentioning methods for other types of smokers. It's absolutely mouthwatering. Now I have new dish to offer to my family! I'm pretty sure they'll love it too! Perfect for our picnic time. I thank the author for allowing us to use his recipes.

A comprehensive collection of meals that r easy to make and delicious to enjoy. Lots of vegetable and fruit recipes that you don't normally see in a BBQ recipe book. A must have for the grilling season.

Every year my family and two other families of my friends, go to a common camping. I picked up this book because I want to prepare a barbecue on some new ways. This book is well done, the recipes are clearly explained, and for me, this book is a good source of new ideas. I can not wait to try some of them!
