## Customer Reviews

I originally ordered this book because my sister's cake pops are featured in it (Autumn Lynn's Chocolate Sins). I was so proud of her for making it into Kara's Party Ideas book. Upon getting this book I was quite impressed with the ideas inside of it. The book is well written and has lots of ideas to choose from as well as gives you the information you need to order it from the people that make it. I am glad I purchased this book, not only to boast about my big sister's accomplishments, but to get some ideas flowing for future parties. Great job Kara. And to my big sister Autumn, I'm proud of you! Maybe someday we can be featured in a book together!! --I originally ordered this book because my sister's cake pops are featured in it (Autumn Lynn's Chocolate Sins). It was okay. Not a lot of different ideas to help with party planning. I probably could have just searched the internet and found more/better ideas.

I Love this book and all the ideas it came with! I'm excited to take ideas from every party and make them into one. If you love Kara you'll love this! ( Best for the younger kid parties, but I found ideas to use for adults as well!)

Not what I was hoping it would be. I bought this as a christmas gift for my sister she likes plaining partys. I thought the ideas nice but none she would ever do. What kid even knows who Jack and Jane is now. Didn't look at the cd. All the ideas in this book can get online on her blog. Not worth the money.

I have really enjoyed this book. So many great ideas and ways to use as a starting point then make it your own when it comes to Kara's party ideas.

Wanted this book and sadly have yet to read it, but I have been unable to locate in a store near me so the kindle version it is. However from paging through it I would agree it is a marketing gimmick

Not all the parties' printable are included in the CD - even the party on the cover is not included!
