Customer Reviews

"Depth of coverage. The material is covered thoroughly and in an easy to understand manner. This is a great strength of a textbook used in an introductory course. Topics covered. The text covers almost every conceivable topic that can be taught in an introductory paralegal course. This provides the instructor with options for coverage in a classroom. The assignments. There is a variety of assignments at the end of the chapter. This provides the instructor with multiple opportunities to assess learning and to reinforce the material covered." "Excellent format. The use of additional features, such as technology, ethics, developing skills and practice focus give students a real-life look at the types of tasks that will take place in an actual paralegal position. Significant number of "hands-on" activities. These are so important in training paralegals to be successful in this career field. All of our paralegal programs focus on hands-on assignments throughout the curriculum. New

ways to apply legal concepts in an applied learning format significantly enhances this text. Large number of teaching supplements."

Roger LeRoy Miller studied at the University of California at Berkeley and the University of Chicago. He has authored or co-authored numerous leading textbooks, including BUSINESS LAW: TEXT AND CASES, THE LEGAL ENVIRONMENT OF BUSINESS: TEXT AND CASES, BUSINESS LAW TODAY, FUNDAMENTALS OF BUSINESS LAW, and THE LEGAL ENVIRONMENT TODAY. Mary Meinzing is the paralegal program chair at Madonna University. She is highly respected and is an active member of AAFPE.

Good job Mr. Miller: A "handyman" named Rod cleaned out my house! I lost my law library and my paralegal training course (\$1,500) and Black's Law Dictionary. This Paralegal Today book will help me get thru the difficult paralegal solutions.

Disappointed with arrival of the book. The pages are creased and wrinkled.

Purchased this book for a paralegal class - didn't end up taking the course but wasn't such a big deal. Saved a ton of money when compared to buying from the college bookstore. Happy people are able to sell and help out others! Thanks

Just as promised!

It is good I do not like dislike it at all

This book is very much appropriate for people who want to learn about world of paralegal. The book provide not only information about legal system and procedures, but also provide useful formats that may become handy for beginner paralegal!

This is an abbreviated form of the red-cover book. This copy only contains 12 chapters, rather than

the entire 19. However, there is no indication on the website when one goes to buy a copy. So if your class requires the hard cover, and you think that getting the soft-copy will be good enough, DO NOT get this. It is only going to end up costing you more money because you will have to also get the hard cover book. There is no indication on the website that identifies this as an abbreviated text.

This book should be mandated to be taught in every elementary school nation-wide. This way the prisons would be full with dirty cops, prosecutors, and judges-instead of everyday law-abiding people, and disabled individuals.
