One of the best cookbooks I have ever read and I collect them. This books teaches the basics of planning a party for a small group to bigger parties, with recipes for large quantities such as 200 chicken wings, 96 shrimp squares, 8 dozen rolls, 4 quarts garlic pickles and even a wedding cake that serves 150. There are recipes for appetizers, beverages, soups, salads, breads, entrées and desserts. A really fantastic book.

If you are looking for a recipe book with fail proof recipes for any occasion, this is the book. Betty Simms makes having a party easy with her delicious recipes and simple ideas. One of the most hectic things about any party is finding the right menu and then pulling everything together- this book will do the trick. There is not one recipe or idea that is not wonderful (we've tried them all)-- use this book for your next party and everyone will be talking about what a wonderful cook and hostess you are! Betty has other books out and they are all just as excellent!

Lots of nice recipes and ideas....easy to do and most recipes have readily available ingredients. Would recommend for anyone for entertaining.

It is good but not totally what I expected. I wanted more help in planning ideas.

I collect cookbooks and I love this book. Wow, it is beautiful!! It has great recipes in it and I would recommend this book to others.

Opening with 'Tips and Guidelines for Catering Your Own Party', "Southern Scrumptious" by Betty Sims draws upon her more than 30 years of expertise and expertise in cooking, catering, baking, and restaurant ownership to compose what is an ideal combination of instruction manual and cookbook for planning parties and menus for any occasion. Aspiring hostesses are provided with a year's worth of complete menus; invaluable tips for hosts and hostesses; recipes for time-stressed party givers; as well as culinary ideas for spring luncheons, summer picnics, and holiday dining. From Sour Cream Cornbread; Wilted Spinach and Bacon Salad; Baked Ham with Sugar Glaze; and Red Onion Marmalade; to Wisconsin Cheddar Cheese Soup; Chicken Supreme Casserole; Garlic Pickles; and Lemon Poppy Seed Shortbread Bars, "Southern Scrumptious" provides recipes that are elegant, palate pleasing, appetite satisfying, gourmet quality, thoroughly 'kitchen cook friendly'. Certain to become a favorite menu planning reference, "Southern Scrumptious" is a very highly recommended addition to both personal and community library cookbook collections.

This book makes entertaining so easy you'll never need a caterer again. It gives you everything you'll need to host the perfect party, whether it's a tea or a dinner party or anything in between. The recipes are easy and delicious; and, in each party menu, the flavors of the different recipes all complement each other perfectly. It also goes into detail about how much to plan for each person in your party and how to stock your bar. Every time I've made the Baked Spinach Fiesta Dip and

served it at my home or at a party, at least two or three people have asked for the recipe. These days, I rarely cook outside this book.

By all means buy this cookbook! My sisters and I hosted a bridal shower for 30 guests and totally copied the Buffet Dinner with Friends menu. It turned out beautifully. I have tried several other recipes and all have been outstanding. Ms. Sims gives thorough directions for all the recipes and helps with pre-party planning. You will turn to this cookbook first when you want something special.
