The Star Wars Party Book: Recipes And Ideas For Galactic Occasions

Synopsis

From the creators of the Star Wars Cookbooks comes an extragalactic party book chock-full of ideas for games, food, crafts, decorations, invitations, costumes, along with shiny foil stickers that are truly out-of-this-world! For the ultimate Star Wars party, choose from six otherworldly themes including Palace Pajama Party, Kamino Camp-Out, Death Star Blowout, and Jabba's Movie Marathon. Customer Reviews

From an Otoh Gunga Cowabunga (featuring "Bubble City Pops,... floating frozen confections") to all that's needed to enjoy "Jabba's Movie Marathon" (including a recipe for "Salacious Crumb Couch Potatoes"), *The Star Wars Party Book: Recipes and Ideas for Galactic Occasions* by Mikyla Bruder, photos by Frankie Frankeny, has fans of The Force covered. The hardcover-encased, spiral-bound volume offers party planning tips, instructions on how to make a "Death Star Pinata," costume ideas and more; a gold sticker page winds up the volume. All ages. Copyright 2002 Reed Business Information, Inc.

Grade 3-5-Devotees of the films will enjoy the six parties described and illustrated with color photos of action figures and line-art portraits of the characters. Each theme has accompanying recipes, crafts ideas, and games or activities that are interchangeable. "Otoh Gunga Cowabunga" is a summer outdoor party, while "Jabba's Movie Marathon" is an all-day movie festival in an improvised home "theater." Some of the suggested dishes, such as fish fajitas or strawberries with crŠme

fra"che, are a little sophisticated for young children, but on the whole the sandwiches, treats, and juice drinks are creative and easy for Jedi Masters (adults) to prepare and fun for young Jedis to consume. Many of the games are standard fare but enhanced by Star Wars names and props. Some of the crafts require completion before the party, but others provide constructive time during the gathering. Procedural steps are numbered and clear, but they are not individually illustrated; there are color photos of finished products, such as Handmaiden Pajamas (dyed T-shirts). A trivia quiz and self-adhering stickers are included. With the continuing popularity of Star Wars and the amount of fun that this book holds, it won't spend much time at the base. Lynda Ritterman, Atco Elementary School, Waterford, NJ Copyright 2002 Reed Business Information, Inc.

Recipes were disappointing. Not very many seemed unique or Star Wars-ish. The book was chewed up around the edges and along the binding. Looked very worn.

I purchased this book for my son and his wife. They are enjoying it and said it was fun to read

My 6 year old wanted a Star Wars party, so I was delighted to find this book. The projects were definitely for adults, so I ended up making everything, but I kind of expected that anyway. The color photos were great, especially the ones that featured my son's beloved action figures. He loves just looking through the book at the pictures.

As with the other Star Wars cookbooks, the recipes are easy and kid friendly. This book also has several party ideas as well as recipes. The three Star Wars cookbooks combined hold enough information and recipes to have a great Star Wars themed party.

I'm looking for simple and the projects in this book are a little more complicated than I was willing to do. However, they are good ideas.

According to seller, condition was supposed to be good but beware: their idea of good is a REAL fantasy. The book had water damage with pages wrinkled and stuck together. Back cover has sticky goo and cover and spine are worn. I need it to prepare for upcoming party so will use, then throw in the trash. The price was cheap, so I shouldn't have been surprised. I won't be buying from this seller again since their appraisal and mine differ immensely.

What could be more enjoyable than an day or night fixing your favorite recipes originating from a galaxy, far, far away? This STAR WARS cookbook is no exception, as there is something for all seasons. Whether it's Bubble City Pops for a hot Summer, Amidala's bedtime brew for a romantic evening, Death Star Pinatas for birthdays, Hoth Froths for a cold Winter, or Rancor Snacks for a party. These tasty treats will really get you in the mood for some intergalactic culinary arts - watch out for the Planet Core's Opee Sea Killer Fajitas, there's always a bigger fish!

I bought this as a gift for a true Star Wars fan and he loved it. While not everything in the book will be utilized, some of the recipes I have a feeling will be popping up around our house during Halloween.
