excellent condition as stated. thank you

Very good condition.

I ordered the book for my husband for Christmas and it came through right on time. The book was in great condition and we both enjoyed browsing through it. Looking forward to getting the first and second editions. Would purchase through them again.

As a law student, this must be in every home/office dealing with laws.

Great product. Took too long to get here because it was media mail but worth the wait.

This book is an awesome tool to use in all legal issues. I suggest that the people should purchase this book because in law words are different than how the majority of people intend for words to mean. For example, driver means, one who is EMPLOYED conducting a coach, carriage, wagon or any other type of vehicle; totally different from how I thought it to mean.

The book was exactly as described. I am very pleased with this purchase. I recommend this seller. The seller gets 2 thumbs up from me.

I was looking for the fourth edition of Black's Law, but this addition does really well for me. The book is in excellent condition considering its age. And the price was extremely reasonable I would buy again!
