Gr. 4[^]-7. The authors of Chicken Soup for the Soul (1993) offer a compilation of heartwarming stories directed at children. Among the mix are stories by well-known names such as Shaquille O'Neal and Chuck Norris; however, most of the stories were sent in to the editors by children from all over the country. The offerings range from funny to inspiring to dull to, well, schmaltzy. Although it is doubtful that kids will ask for the book themselves (especially with a title like this), parents, librarians, and teachers will find much here to use as a jumping-off point for discussions on all sorts of questions and problems children face. I grew up reading chicken soup for the soul and now my 8 & 10 year old daughters love these books as they all seem to have a moral or lesson at the end of each short story. Great for kids who don't have the patience to sit and read long chapter books, helps them to find a love for reading. Thanks to these, my 8 yr old has finally moved onto longer chapter books. I agree with another reviewer that the stories could have been a little more inspiring, but they're made for kids, and though they might fall a little short for us, they really enjoy them,

Purchased this for my daughter, age 8. After reading through the first couple of stories I truly feel that it is a bit too old for her age group (though a few stories did bring a tear to MY eye). I think I will hold off another year or two.

most of the stories are for girls. seems like boys don't really contribute much to this series. after reading this my ten year old asked if girls were nicer and better citizens than boys are? When I asked why, he said, out of 100 stories, only 25 were from boys.

Great stories my daughter enjoyed. I bought the book to read at night before bed with my daughter. We only made it a few nights before I found out she finished the book without me. She said they were just too good to stop. I'm glad she enjoyed them so much.

Great classroom book for quick choice during impromptu reading times. These books overall are awesome.

This book is wonderful and a great experience when kids read it by themselves or you read different parts of the book. The shipping was lightning fast and I would order from this seller again....

My nephew loves this book! It's always good for a kid to read real life stories of other kids so they don't feel alone.

Lovely book to start your children with positive reading.
