I may have to get this cookbook for my sister in law who has been married probably 30 years or so and still has not cooked a turkey. She is absolutely scared to death. :-) I found the recipes to be good and easy for a beginner especially. I just don't want to hurt her feelings so I am tiptoeing around the suggestion. :-)

I purchased this book before I hosted my first Thanksgiving and I still use it as a reference. It has a good combination of traditional and modern dinners. The book also offers ideas on how to mix ideas. The time saver tips are helpful, and the different options on cooking a turkey are fun. Really important is the instructions are easy to follow.

From simple to experienced, this book does it all. With young cooks in the family, this book was a way to make them feel like they were as experienced as those that have prepared the traditional meal for years. It is simple to read with big pictures, easy instructions, so many recipes & with pages that will not be ruined with the occasional spill.

I like this product and good condition

Several recipes were used this Thanksgiving, delicious and time-saving, terse writing and easy-to-follow ingredient lists. Received rave reviews for carrots.

got this book for a party favor for some ladies from church, has lots of good recipes inside, everyone loved it

This will be helpful at Thanksgiving for years to come. I'm so glad I have it. I don't have any cookbooks devoted only to Thanksgiving.

I have never cooked a Thanksgiving meal and I found the recipes easy to follow with step by step guide lines. Am looking forward to my feast on Thursday :)
