The Hillbilly Housewife's Thanksgiving Planner - Thanksgiving Recipes, Shopping Tips And Decorating Ideas For The Perfect Family Celebration On A Budget

Synopsis

Don't run around like a chicken (or should that be turkey?) with its head cut off on Thanksgiving morning. The Hillbilly Housewife's Thanksgiving Planner will help you plan ahead and stay on top of things so you can actually enjoy Thanksgiving with your family & friends. If you take a quick minute to read the first chapter you'll realize how easy your Thanksgiving celebration will be. There are plenty of tips and ideas to make sure this year's feast doesn't stretch your budget to the breaking point, too. There are also 2 bonuses tucked inside: A printable planner & checklist and all of the recipes in a printable pdf file.

Author Suzanne Myers has written a short, concise book on how to prepare for Thanksgiving. For some the Thanksgiving preparations could be a bit scary, and her book The Hillbilly Housewife's Thanksgiving Planner would help ease their anxiety when it comes to fixing this very traditional holiday meal. My only complaint, and it is because I find frying turkeys a bit risky, is the recipe for how to fry a turkey. You will find the directions on how to do this in her book. The National Fire

Protection Association discourages frying turkeys as it is potentially dangerous. You can check out the NFPA website for their news releases concerning this topic. As to the rest of the book: The tips are timely and helpful. The recipes look good. The writing is excellent. Some of the recipes you will find in this cookbook include: Homemade Ranch Dip, Pineapple Glazed Ham, Cornbread Dressing, Apple Cranberry Pie. Recommend with caveats given.

I learned about this book from another Kindle publisher, Connie Ragen Green. Like the Hillbilly Housewife, Thanksgiving is and always has been my favorite holiday. But depending on the year and the setting - how many hundreds of people are about to descend upon YOUR house - it can get away from you and thereby lose its spirit, the warmth and comfort of family, friends, and food. The HH won't let that happen! Planning, approach, ideas, recipes, it's all here and MORE! No matter what might go wrong - something always seems to - just step back, take a breath and remember what this is supposed to be about anyway! And the truth is, at least in my circle, the screw-ups result in hilarious "war stories" we share at table every succeeding year, and never seem to get tired of telling or laughing about. I read this book AFTER Thanksgiving this year (the dinner was not at my house anyhow), and I am ready to apply her ideas and recipes for Thanksgiving II, a "holiday" I invented for the years like this one when I didn't have any turkey leftovers. BUY THIS BOOK! You will find yourself giving thanks all year long....

I am thrilled with this planner. As soon as I opened it I knew this was going to make my life so much easier and my family celebration better than ever. I love that there are even family prayers, activities for the younger kids and recipes for the leftovers. This will come out every year from here forward!

This was a good purchase - great information for the price and I am putting it to use. I also plan to keep it as a record to refer back to next year. However, it would be improved with a little bit of instruction. Not clear how at least one of the pages is to be used. I probably did not need to print off all of the pages, for example I will not be making crafts, only cooking. So far, the best planner for Thanksgiving that I have found.

This is a quick help to making it through Thanksgiving in one piece. It's like having an older, experienced sister walk you through an easier way.

Great for Thanksgiving. I changed a few Thanksgiving things around and made it perfect to help

with Christmas. Very informative.

Great tips and recipes - from the turkey and sides right to "what to do with the leftovers"... my favorite part! But, what I really appreciated was being able to print off the recipes. I clicked on immediately, followed the simple steps, and voila! Easy peasy. I just love all the resources and bonuses. The Hillbilly Housewife never fails to give you more than you pay for. Thank you for another great little ebook.

I love the Hillbilly Housewife Thanksgiving planner. It has everything for getting ready to leftover recipes. The book helps take the stress out of planning and organizing the perfect Thanksgiving celebration. The kindle version allows me to carry the recipe to the grocery so I know I have everything. Hillybilly Housewife Thanksgiving planner is both practical and useful.
