Inside the Visionary Company That Is Making Legal Protection Available to All

The essence of a great mind is a powerful imagination, because without being able to imagine things the way they are NOT, not even the greatest intellect can change things from the way they are. Harland Stonecipher's imagination of a world in which affordable access to justice--true equal justice under law for everyone, not just the rich--has become a reality thanks to the hard work and sacrifice of himself and his associates at Pre-Paid Legal Services, Inc. This is a business story, a personal story, and one of the most important stories you'll read this or any other year. As a member of Pre-Paid Legal and one of its many dedicated Independent Associates, I urge everyone in the USA and Canada to read this remarkable book by a remarkable man whose common sense, intellect, determination and imagination are making your life better every day.

YAY for LegalShield and Harland Stonecipher!! Great American Success story. I sell LegalShield and wanted a really good background on how and why the company was formed and the Mission all along. This did not disappoint! Check out my website to learn more about LegalShield and what it can mean to you: legalshield.com/hub/valerier

The Pre-Paid Legal Story is an amazing story of one man's tragedy turned for the good of many !! This book has encouraged and inspired me to reach out of obstacles of life towards success and keep pushing towards change !! I am thankful that Harland C. Stonecipher did all he has done to create an obtainable legal system for all people to afford justice ! And he pursued to create a financial structure that has blessed many with residual income that you can leave as a legacy far after you are gone ! Very inspiring and encouraging story !!

If you are like most people who think that the justice system is failing the American people. Then you're not alone. This is a story of a man on a mission to change the way justice is dealt out and make it more accessible to all. Take a journey with this truly visionary Gentleman, WHO said enough. Go through all his hardships and successes from when he started this concept to 40 years

later becoming a household name and the Opportunity that has literally made over one hundred people millionaires. This is a great story of a man living the American Dream and a company that is a pioneer in changing the legal industry.

I have great respect for Mr. Stonecipher and really wanted to read his story. The company he founded is unique and has helped save me so much money over several years that I decided to join the company (now LegalShield) and help other people with their legal problems. Our constitution says "... AND JUSTICE FOR ALL." However, justice only applies if you have enough money to pay a lawyer. With this company, for a small amount monthly, anyone can have access to a lawyer when they need it.

Harland Stonecipher was an Innovator, with Pre Paid Legal Inc, now LegalShield, I'm so blessed to be a part of this opportunity to continue his mission to make access to the Legal System affordable for all North Americans.

Great book, great American story!

Loved it. Great tribute to a great man who grew up in a sharecropper family and changed the legal world to make justice something everyone can afford
