# Month-By-Month Gardening In Minnesota: What To Do Each Month To Have A Beautiful Garden All Year

## Synopsis

Never garden alone! The Month-By-Month series is the perfect companion to take the guesswork out of gardening. With this book, you'll know what to do each month to have gardening success all year. Written by authors in your state, the information is tailored to the issues that affect your garden the most. When is the best time to plant trees and shrubs? Should I fertilize my lawn now? Is it time to prune my roses? What should I be doing in my garden this month? You'll find the answers to these questions and much more inside. This easy-to-use book highlights each of the ten major plant categories using a monthly format. It guides you through each month of the year, telling you exactly what your garden needs. It is like having an expert in the garden with you all year long. Valuable hints are located throughout the book, and beautiful photographs will inspire you. Written just for gardeners where you live, you can be confident that the information is right for you-and your garden will show it.

Melinda Myers is a Horticultural Instructor at Milwaukee Area Technical College. Many recognize Myers as the host of "Great Lakes Gardener," a public television program that airs throughout the Great Lakes and provides region-specific advice to Midwest gardeners. She hosts the "Plant Doctor Radio Show" on WTMJ Radio, writes a bi-monthly column for The Milwaukee Journal and has been contributing editor and columnist for Birds & Blooms Magazine since 1996. Melinda is a member of numerous horticultural associations and earned the 1998 Garden Communicator's Award from the American Nursery and Landscape Association and the 1998 Quill and Trowel Award from the

Garden Writer's Association of America.

We were totally satisfied! Our son has bought a house in MN and month by month he can take care of his property. He is pleased to have the book to plan his gardening and lawn care.

It is the BEST garden book you can buy to maximize the short growing season MN offers. It is the most concise book I have purchased for gardening in MN. HIGHLY recommend.

Just got the book yesterday (9/10/15) but it looks like a good book for Minnesota.

Bought this book for my daughter, who just moved to Minnesota. Has great information for her to use, as the growing season is much shorter than what she is used to.

Very comprehensive and informative. Lots of great illustrations and pictures also.

as described

Fantastic book! I have used this as a resource when our Master Gardening Group had a booth at the Farmer's Market.

I am making a landscape plan for my son in MN and thought this would help with plant selection. It did not. There were some plants listed for the region but it was almost too basic. I might be good for someone just starting into gardening.
